This Manual is issued by command of the Army Council. It deals with the elementary training of Mounted Infantry, Irish (Rifles?), Horse, and Yeomanry, and with the general principles which are to govern their further training in peace and their employment in war.

Any enunciation by officers responsible for training, of principles or practice of methods differing in principle from those laid down in this Manual is forbidden, as tending to cause confusion of thought and to prejudice successful co-operation in war.
